The 4Cs: Creativity, Critical Thinking, Communication and Collaboration in Schools

Teacher Trainer: Sheila Corwin

Firenze | May 24th – May 29th 2021

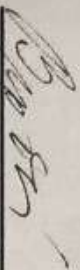

Our 30-hour program aimed to provide teachers with the knowledge and the confidence to incorporate stimulating skills into their curriculum and school environment. The participant gained greater understanding of how to foster trust, openness and safe environments in which the 4Cs can flourish. The participants also tapped into their own ability to create, to think critically, to communicate effectively and to collaborate well with others.
